River Oaks Neighborhood Water and Sewer Improvements Design

3/12/2020

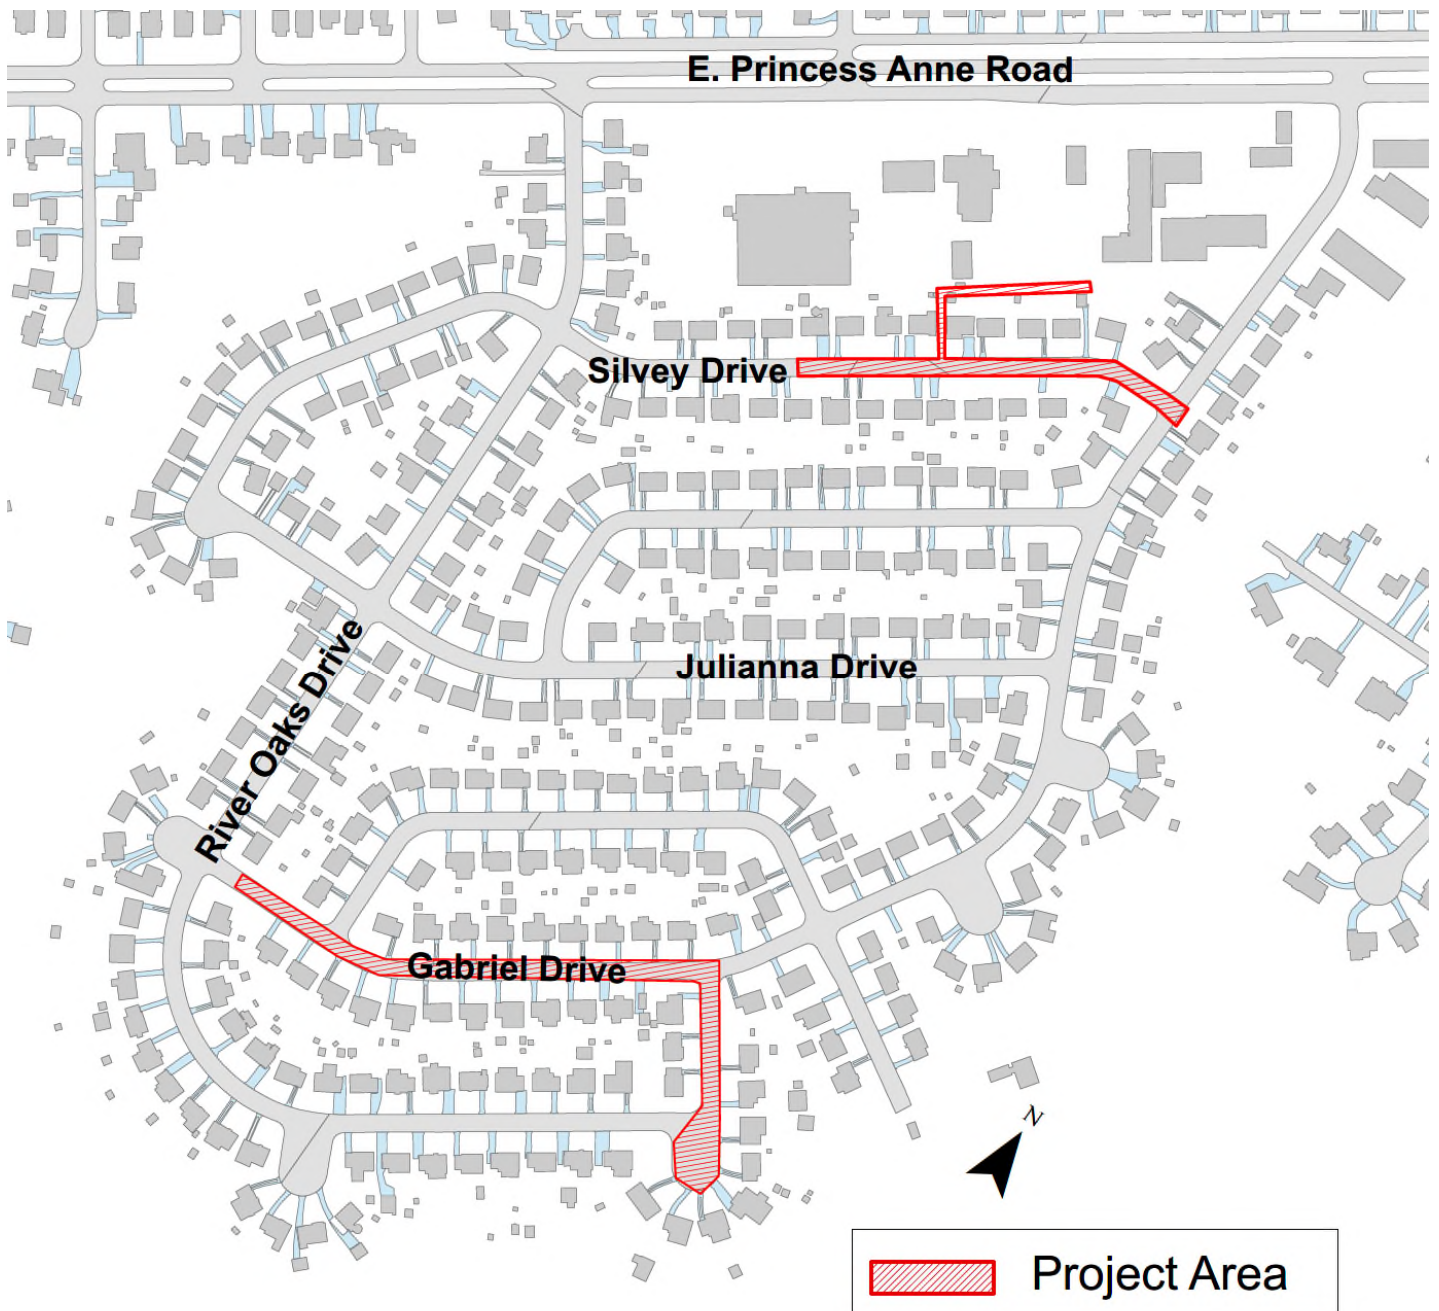

The City of Norfolk's Department of Utilities is planning a second project to replace aging water and sanitary sewer infrastructure in your neighborhood. The project (area shown on the map on the back) will include replacement of approximately 4,000 LF of water and sewer pipe as well as resurfaced streets.

Project Details:

- Engineering Consultant: Bamforth
- In design phase; construction has not yet been scheduled
- Survey crews will work in the project area over the next few months.
- Crews may need to access the exterior of your property to identify property boundaries, easements and surface features.
- **At no time will surveyors request to enter your home.**
- We will provide an update when construction has been scheduled.

If at any time you have questions or concerns, please do not hesitate to contact the project manager, Lisa Bass, at 664-6398 or email her at lisa.bass@norfolk.gov.

Visit www.norfolk.gov/utilities for more information.
